

Jesus is Compassionate!

Bible Story : Matthew 14:13-21

This weeks bible story we saw how Jesus was able to feed so many people with only a little.

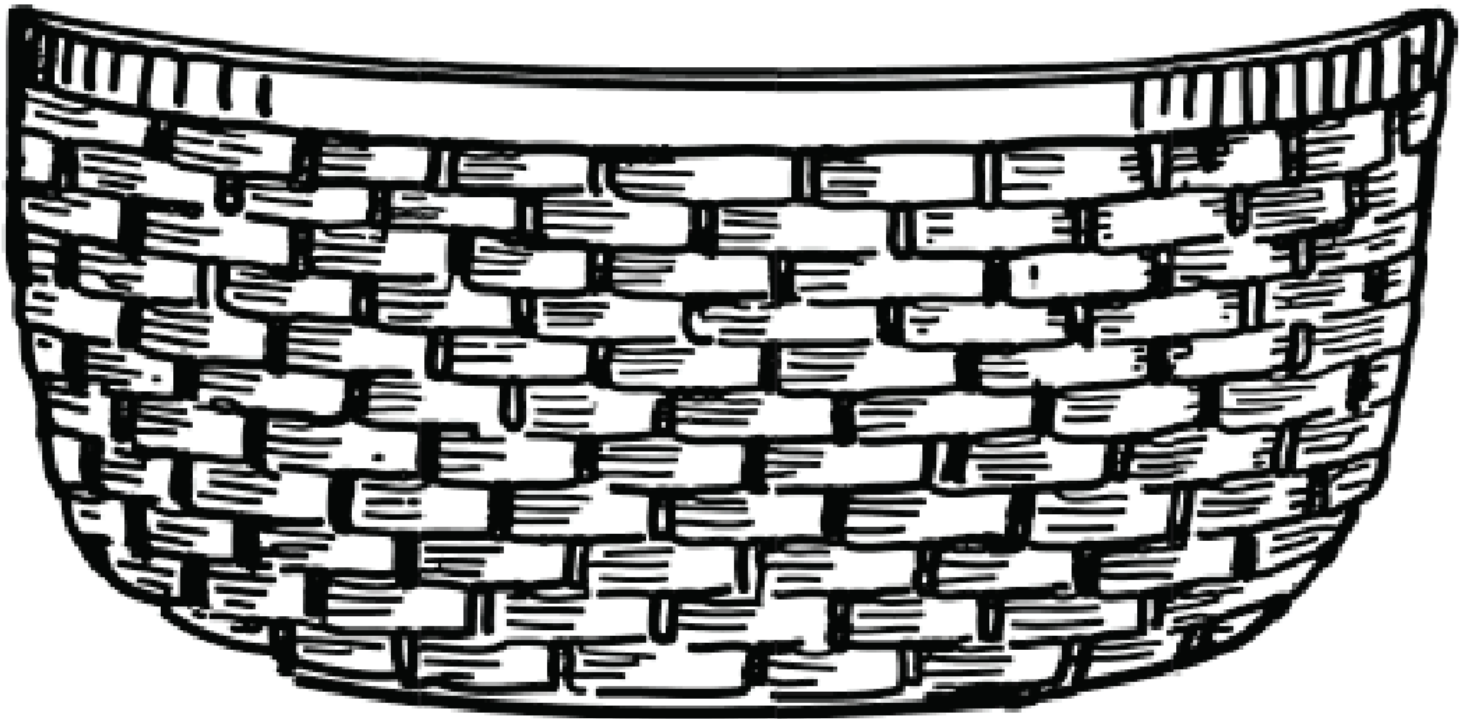

This is a geat example of how Jesus shows compassion and love towards people. If you remember the disciples were a little worried about what the people were going to eat and they even wondered who was going to feed so many people. Then again they left their faith and didnt think of the power that Jesus had. Jesus had so many options,he could have decided to send them home and forget about them, he also could have told them to go and buy their own food. **But because of the love he has for people he decided to do a miracle.** It is so wild to think that out of 2 fish and 5 loaves of bread came enough food for more than 5000 people. Jesus did that! He knew that the people wanted to hear what He had to say about God but that they were also hungry. It shows us that even in times where we dont know what is going on **Jesus still shows compassion and mercy for his people.**
